

# Going Places

Travis Denning

Mama called it way back when  
We were still in high school then  
Didn't listen when she said  
"That girl is going places"

Hotty toddy, top of class  
Found a job you had to have  
Came back home just to pack  
'Cause you were going places

Kissed me goodbye, then you got gone  
If you think I'm stuck right where I was  
Baby, you'd be wrong  
I been

Goin' to that Keystone Light neon sign hangin' up in the door  
That drinkin' spot with the parking lot full of Chevys and Fords  
At the county line that you flew by, speed limit and my heart breakin'  
Your taillights ain't turnin' back but  
You ain't the only one that's  
Going places

First stop was straight out of my  
Left me outta nowhere mind  
Spent a couple days and nights  
All tore up  
And I know that I won't see the world like you do  
But tonight, I'mbettin' that I'm gettin' way more gone than you

Goin' to that Keystone Light neon sign hangin' up in the door  
That drinkin' spot with the parking lot full of Chevys and Fords  
At the county line that you flew by, speed limit and my heart breakin'  
Your taillights ain't turnin' back but  
You ain't the only one that's  
Going places

Stay on that road, girl, wherever that might be  
I doubt I'll cross your mind, but if I do, you'll find me

Goin' to that Keystone Light neon sign hangin' up in the door  
That drinkin' spot with the parking lot full of Chevys and Fords  
At the county line that you flew by, speed limit and my heart breakin'  
Your taillights ain't turnin' back but  
You ain't the only one that's  
Going places
