

# Ocmulgee River

Travis Denning

Hey, Ocmulgee River  
It's good to see you again  
Feels like forever since I seen ya last, longer than God knows  
when  
Hey, Ocmulgee River  
You sure ain't changed a bit  
I see you're still floodin' the boat ramp at Knowles whenever i  
t rains a little over an inch  
  
Seems like you still got a pretty good bream bed bite  
Me? Hell, I'm doin' alright

I been rollin' up and down the highway  
Singin' songs that I wrote about  
A little map dot down there in Georgia  
That I'm missin' like hell right now  
I don't know where the next road goes  
Where this guitar's gonna take me  
But I damn sure know where I'd love for it to be

Hey, Ocmulgee River  
It's gotta be hard to count  
All the Jack and Cokes you and West Lake Road  
Have seen me and the boys drink down  
Sometimes it still feels weird  
Livin' up in Tennessee  
No, I ain't got it all figured out  
But I bet you'd be proud of me

I been rollin' up and down the highway  
Singin' songs that I wrote about  
A little map dot down there in Georgia  
That I'm missin' like hell right now  
I don't know where the next road goes  
Where this guitar's gonna take me  
But I damn sure know where I'd love for it to be

Hey, Ocmulgee River  
Guess I'll be getting' on my way  
Don't know when I'll see you again  
But I can promise you one day  
Whether it's in this truck of mine  
Or when my time on this earth is through  
Ocmulgee River, I'll be calling you home again  
I hope it's someday soon
