

## Red Round Here

Travis Denning

Somebody's gotta beat the sunrise up  
To throw somebody's trash in the back of a truck  
Somebody's gotta paint white lines on the interstate  
Yeah, somebody's gotta drive the bus around town  
Somebody's gotta drive fence posts in the ground  
Somebody's gotta put on a tie and run the USA, but hey

Somebody's gotta keep it red 'round here  
Hold it down, down here  
Pump a county line sign full of lead 'round here, yeah  
Crank some Hank on the bank, throw some bait on a limb line, hangin' on a tree  
Yeah, I've been thinking somebody's gotta keep it red 'round here  
Might as well be me

Yeah, somebody's gotta put in the time all fall  
To hang a half a paycheck rack on the wall  
That you tracked down and hauled around town all day  
Yeah, Somebody's gotta keep a tractor in the barn  
Dog on the porch, a car in the yard, yeah  
Everybody's got their thing but all I'm trying to say, all I'm trying to say

Somebody's gotta keep it red 'round here  
Hold it down, down here  
Pump a county line sign full of lead 'round here, yeah  
Crank some Hank on the bank, throw some bait on a limb line, hangin' on a tree  
Yeah, I've been thinking somebody's gotta keep it red 'round here  
Might as well be me

From Mobile to Philly, hell, even LA  
I'll bet there's some necks with a certain kind of shade  
Thinkin' the same damn thing

Somebody's gotta keep it red 'round here  
Hold it down, down here  
Pump a county line sign full of lead 'round here, yeah  
Crank some Hank on the bank, throw some bait on a limb line, hangin' on a tree  
Yeah, I've been thinking somebody's gotta keep it red 'round here  
Might as well be me
