

# A Thousand Goodbye's

Travis Garland

How many times, it's hard to say  
That I've waken up next to with a note on the bed  
Got on the plane, I'll be back next week  
And left without so much as a kiss on the cheek

You're always gone and I'm never home  
You taught me everything I know about being alone  
What do I do when I need you, who do I call  
When I don't wanna do it no more

Oh I'm not trying to, making you hurt  
But getting exactly what you deserve  
So you can't tell me that I don't  
Have every reason in this world to leave you right now

I can count a thousand times that you've made me cry  
A thousand games you used to play  
So I guess that's a thousand goodbye's  
A thousand goodbye's is all that I have to say

Tell me what you thinking  
When I told you that me and you, we are finally over  
Making a memory  
That's ancient history  
I know I can't help, but keep looking over my shoulder

Love is like a mark, it never goes away  
And you got part of my heart that I forever gave away  
What do I do when I need you, who do I call  
Cause I don't wanna do this no more

Oh I'm not trying to, making you hurt  
(Getting exactly) Getting exactly what you deserve  
(Oh) So you can't tell me that I don't  
Have every reason in this world to leave you right now

I can count a thousand times that you've made me cry (a thousand times)  
A thousand games you used to play  
So I guess that's a thousand goodbye's  
A thousand goodbye's is all that I have to say

There's nothing that's harder for me  
In this world than to not be your girl  
Mmmmm  
But I won't stand the cheating and lies  
You're no kind of man  
You won't get any respect from me  
Cause you would never dare  
You neglected me  
I'd rather spend my nights with somebody  
Who treats me like I'm supposed to be treated all along

Man  
I gave you everything  
I gave you my time  
I gave you my heart  
But you couldn't give me anything in return

All them late nights  
Worrying about you  
A thousand times you didn't call  
A thousand tears you never cried  
All I have left for you is a thousand goodbye's

I'm not trying (no no), making you hurt  
Getting exactly what you deserve  
So you can't tell me (tell me baby) that I don't (that you need me baby)  
(Oh) Have every reason in this world to leave you right now

I can count a thousand times that you've made me cry  
A thousand games you used to play (play)  
So I guess that's a thousand goodbye's  
A thousand goodbye's is all that I have to say  
It's all that I have  
It's all that I have to say  
For all the lies  
A thousand goodbye's
