

# Chariots of Fire

Travis Garland

I know that you're tired of sleeping  
Long in our bed yeah, yeah  
Baby, you're not the reason  
That I'm on to LA yeah, yeah

And maybe I should've let you go, run away  
When you tried  
But I can't bear the thought of you being  
Anything but mine

Even chariots of fire couldn't carry me away  
Could be racing to the sky but I'm holding on to stay  
No one loves you like I love you  
And the chariots of fire always bring you back to me

Don't go away

Saying that my profession is too much and you quit  
But you knew what you signed up for the first time that we kissed  
Don't act like you didn't, baby  
And I know that it's complicated, but the best things usually are  
I can't bear the thought of being with anyone else

Even chariots of fire couldn't carry me away  
Could be racing to the sky but I'm holding on to stay  
No one loves you like I love you  
And the chariots of fire always bring you back to me

No one loves you quite like I do  
No one loves you quite like I do  
No one loves you quite like I do  
'Cause baby, I do

Even chariots of fire couldn't carry me away  
Could be racing to the sky but I'm holding on to stay  
No one loves you like I love you  
And the chariots of fire always bring you back to me

Don't go away
