

Other People

Travis Garland

Now that we're through
Don't even know who I am without you
This bed is too big for one person
I'm learning how to not be around you

No fears, no you
I'm not allowed to care what you do
Even if you're drunk, going crazy
Call to say you hate, but that ain't true

'Cause I just want the best for you
Even if that don't include me

So I won't go even if you don't want
Me to be here right now
Ain't leaving your heart with these other people
So I'm gonna stay right here by your side
Don't wanna control your life
But I don't trust your heart with these other people

Now that you're gone
There's no reason for me here
Now you still complain, now you went away
Don't know what I'mma do with all this closet space

My shirt you used to wear, it still smells just like your hair
When you loved me
It makes no sense, I'm empty and my head is filled with memories of you
I just can't, I just can't forget

'Cause I just want the best for you

Even if that don't include me

So I won't go even if you don't want
Me to be here right now
Ain't leaving your heart with these other people
So I'm gonna stay right here by your side
Don't wanna control your life
But I don't trust your heart with these other people

You can call me a lot of things
But just don't call me careless
There's a lot of men who don't give a damn at all

Yeah, you mean so much to me
This won't mean I'll let you be
It's a big world out there
I'm sorry, I'm sorry I don't trust just anybody with your heart
Your heart

So I won't go even if you don't want
Me to be here right now
Ain't leaving your heart with these other people
So I'm gonna stay right here by your side
Don't wanna control your life
But I don't trust your heart with these other people

These other people
These other people
These other people
These other people
