

# Your Way Or The Highway

Travis Garland

This road we were on  
Always followed to leave  
Tonight was the last time  
You'll do this to me  
I stood by your side  
In the passenger seat  
Let me out on the road  
I'd rather walk than let you  
Walk all over me

This time I'm walking away  
Now the pavement is underneath my feet  
This is goodbye  
You made it clear to me  
It was your way or the highway  
You said it's my way (always your way)  
Or the highway (always your way)  
Or the highway (always your way)  
It was your way or the highway (or the highway)  
You said it's my way (so now I'm taking the)  
Or the highway (so now I'm taking the)  
Or the highway  
Or the highway

Holding on is hard on me  
I had enough, had enough, oh no  
It isn't...[humming]\*

This time I'm walking away  
Now the pavement is underneath my feet  
This is goodbye  
You made it clear to me  
It was your way or the highway  
You said it's my way (always your way)  
Or the highway (always your way)  
Or the highway (always your way)  
It was your way or the highway (or the highway)  
You said it's my way (so now I'm taking the)  
Or the highway (so now I'm taking the)  
Or the highway (highway)  
It was your way or the highway (or the highway)

This time I'm walking away  
Now the pavement is underneath my feet  
This is goodbye  
You made it clear to me  
It was your way or the highway  
You said it's my way (always your way)  
Or the highway (always your way)  
Or the highway (always your way)  
Or the highway  
You said it's my way (so now I'm taking the)  
Or the highway (so now I'm taking the)  
Or the highway (highway)  
It was your way or the highway (or the highway)  
Always your way or the  
Always your way or the

Always your way or the highway  
So now I'm taking the  
So now I'm taking the highway  
It was your way or the highway (or the highway)
