

## Expect Impossible (NYE Live)

Travis Greene

I heard how You walked, walked on the water  
I read how You turned water to wine  
I've seen how Your hand could only provide in my life  
It's a miracle

I expect the impossible  
God can do the unthinkable  
More than I ask or think or even imagine  
My life is a miracle

God can do anything  
Anything He wants to  
Nothing's difficult  
My God can do anything  
Anything He wants to  
Nothing's difficult  
My God can do

I heard how Your touch can heal any leper  
I've read how Your hem, could make someone whole  
And I've felt how Your Love could help me to forgive myself  
It's a miracle

I expect the impossible  
God can do the unthinkable  
More than I ask or think or even imagine  
My life is a miracle

God can do anything  
Anything He wants to  
Nothing's difficult  
My God can do anything  
Anything He wants to  
Nothing's difficult  
My God can do

What He wants  
When He wants  
How He wants to  
He's powerful  
God can do  
What He wants  
When He wants  
How He wants to  
He's in control

God can do anything  
Anything He wants to  
Nothing's difficult  
My God can do anything  
Anything He wants to  
Nothing's difficult  
My God can do anything  
Anything He wants to  
Nothing's difficult  
For God to do
