

Expect Impossible

Travis Greene

I heard how You walked
Walked on the water
I read how You turned
Water to wine
I've seen how Your hand
Only provide in my Life

It's a miracle
I expect the impossible
God can do the unthinkable
More than I ask or think or ever imagine
My life is a miracle

God can do
Anything, anything
He wants to
Nothing's difficult
My God can do
Anything, anything
He wants to
Nothing's difficult
My God can do

I heard how Your touch
Can heal any leper
I read how Your hem
Could make someone whole
And I've felt how Your love
Could help me to forgive myself

It's a miracle
I expect the impossible
God can do the unthinkable
More than I ask or think or ever imagine
My life is a miracle

God can do
Anything, anything
He wants to
Nothing's difficult
My God can do
Anything, anything
He wants to
Nothing's difficult

My God can do
What He wants
When He wants
How He wants to
He's powerful
God can do
What He wants
When He wants
How He wants to
He's in control

God can do

What He wants
When He wants
How He wants to
He's powerful
God can do
What He wants
When He wants
How He wants to
He's in control

God can do
Anything, anything
He wants to
Nothing's difficult
My God can do
Anything, anything
He wants to
Nothing's difficult

My God can do
What He wants
When He wants
How He wants to
He's powerful
God can do
What He wants
When He wants
How He wants to
He's in control

God can do
What He wants
When He wants
How He wants to
He's powerful
God can do
What He wants
When He wants
How He wants to
He's in control

God can do
Anything, anything
He wants to
Nothing's difficult
My God can do
Anything, anything
He wants to
Nothing's difficult
