I've been quiet for way too long  
I've decided this praise belongs to You  
Oh my Lord  
Cause today is the day You've made  
I'll rejoice and again I say it's true  
Oh my Lord

The enemy came to steal  
But You gave me life, fullness of life  
And I won't let him take what he did not give

I'm getting my song back  
I've got a reason to sing of Your goodness  
And I'm taking my joy back  
It is my strength and it's found in the presence of God

There's a worship inside these bones  
It is breaking out, getting out of control  
Oh my Lord

The enemy came to steal  
But You gave me life, fullness of life  
And I won't let him take what he did not give

I'm getting my song back  
I've got a reason to sing of Your goodness  
And I'm taking my joy back  
It is my strength and it's found in the presence of God  
Oh  
All that I need is found in the presence of God  
Oh  
All that I need is found in the presence of God

It's good, really good  
It feels good to be here  
Here in the presence  
I'm free, really free  
It feels good to be free  
Here in the presence of God

It's good, really good  
It feels good to be here  
Here in the presence  
I'm free, really free  
It feels good to be free  
Here in the presence of God

I'm getting my song back  
I've got a reason to sing of Your goodness  
And I'm taking my joy back  
It is my strength and it's found in the presence of God  
Oh  
All that I need is found in the presence of God  
Oh  
All that I need is found in the presence of God

He's never empty-handed

Whatever you need he has it  
More than you dare to ask or think  
Is found in the presence of God

He's never empty-handed  
Whatever you need he has it  
More than you dare to ask or think  
Is found in the presence of God

He's never empty-handed  
Whatever you need he has it  
More than you dare to ask or think  
Is found in the presence of God

He's never empty-handed  
Whatever you need he has it  
More than you dare to ask or think  
Is found in the presence of God

Oh  
All that I need is found in the presence of God  
Oh  
All that I need is found in the presence of God  
Oh  
Found in the presence of God  
Oh  
Found in the presence of God  
Oh  
Found in the presence of God  
Oh  
Found in the presence of God
