

God Alone (NYE Live)

Travis Greene

Nothing's too hard, nothing's too great
Nothing can stop the word He gave
When He gets started, He cannot fail
God is God all by Himself

God, God alone
He can do, what He wants
When He wants I believe
Nothing's too hard
When I got my God, God alone
He can do, what He wants
When He wants I believe
Nothing's too hard
When I got my God

What could rise up
Dare to contest
God's got a record
Don't you forget
He's still on the throne
No He hasn't left
God is God
All by Himself

God, God alone
He can do, what He wants
When He wants I believe
Nothing's too hard
When I got my God, God alone
He can do, what He wants
When He wants I believe
Nothing's too hard
When I got my God

One God, one name
Deserves all praise
One God, one name
Deserves all praise
One God, one name
Deserves all praise
One God, one name
Deserves all praise

One God, one name
One God, one name
One God, one name
One God, one

When I got my God alone
He can do, what He wants
When He wants I believe
Nothing's too hard
When I got my God, God alone
He can do, what He wants
When He wants I believe
Nothing's too hard
When I got my God

Nothing's too hard
When I got my
One God, one name
Deserves all praise
One God, one name
Nothing's too hard
When I got my God
