

Listen

Travis Greene

Listen, listen
Even now the Lord is speaking, speaking
Like a whisper in the wind
Calling me again
Be still my heart, and
Listen, listen

Sounds like peace
Calling me
Sounds like joy
I know that voice
It's the Lord
It's the Lord

Listen, listen
Even now the Lord is leading, is leading
Like a shepherd, like a friend

I can recognize it anywhere
I can recognize it anywhere
Say my name and I'll go anywhere
Anywhere

It sounds like peace
Calling me
It sounds like joy
I know that voice
It's the Lord
It's the Lord

I know that voice
I can recognize it anywhere

When He speaks
Get ready, get ready
Something is about to happen
Who knows, anything could happen
When He speaks
Get ready, I'm ready
Something is about to happen
I know it's about to happen

When He speaks
Get ready, get ready
Something is about to happen
Who knows, anything could happen
When He speaks
Get ready, I'm ready
Something is about to happen
I know it's about to happen

I can recognize it anywhere
I can recognize it anywhere
Say the word and I'll go anywhere
Anywhere

'Cause it sounds like peace

Calling me
It sounds like joy
I know that voice

It sounds like peace
Calling me
It sounds like joy
I know that voice
It's the Lord
It's the Lord

When He speaks
Get ready, get ready
Something is about to happen
Who knows, anything could happen
When He speaks
Get ready, I'm ready
Something is about to happen
I know it's about to happen

'Cause it sounds like peace
Calling me
It sounds like joy
I know that voice
It's the Lord
I know that voice
It's the Lord
I know that voice
It's the Lord
