

NO RUSH

Travis Greene

We need a word from You
Come Holy Spirit
Come Holy Spirit

Our hearts are longing for
You to come in and have Your way
We will wait on You
Our souls are desperate for
Your glory to invade our space
We will wait on You

'Cause we are not in a rush
All we want is You
We are not in a rush
All we want is You

Our hearts are longing for
You to come in and have Your way
We will wait on You
Our souls are desperate for
Your glory to invade our space
We will wait on You
We will wait on You

'Cause we are not in a rush
All we want is You
We are not in a rush
All we want is You

So come Holy Spirit
We want to see You move
Come Holy Spirit
We need a word from You
Come Holy Spirit
We want to see You move
Come Holy Spirit
We need a word from You

No rush
No rush we'll wait on You
No rush
No rush we will not move
No rush
No rush we'll wait on You
We'll wait on You
We are desperate

No rush
No rush we'll wait on You
No rush
No rush we will not move
No rush
No rush we'll wait on You
We'll wait on You
We are desperate

So come Holy Spirit

We want to see You move
Come Holy Spirit
We need a word from You
Come Holy Spirit
We want to see You move
Come Holy Spirit
We need a word from You

No rush
No rush we'll wait on You
No rush
No rush we will not move
No rush
No rush we'll wait on You
We'll wait on You
We are desperate

No rush
No rush we'll wait on You
No rush
No rush we will not move
No rush
No rush we'll wait on You
We'll wait on You
We are desperate

Come Holy Spirit
We want to see You move
Come Holy Spirit
We need a word from You
Come Holy Spirit
We want to see You move

We want to see You
We live just to see You
We die just to see You
I gotta see You
That's my only desire

No more running, no more hiding
I'm expecting where You want me to be
No more running, no more hiding
I'm expecting where You want me to be
No more running, no more hiding
I'm expecting where You want me
No more running, I'm right here
