

# Strike The Ground

Travis Greene

You call me a conquerer  
But I often wonder  
When is heaven gonna take over  
When's the lion gonna roar

I heard that there's greater  
In store for me later  
Fear is knocking, tryna take over  
I'm still believing for more

But if he's in it  
It's not finished  
Victory is breaking out  
There's no stopping now  
If he said it  
He will do it  
Victory is breaking out  
I will strike the ground

Oh oh oh oh  
Oh oh oh oh  
Oh oh oh oh

My eyes see a limit  
He's viewing something different  
There is nothing that's impossible  
Every ceiling is a floor

He knows what he's doing  
I'll stand still - he's moving  
There has never been an obstacle  
He can't turn into a door

If he's in it  
It's not finished  
Victory is breaking out  
There's no stopping now  
If he said it  
He will do it  
Victory is breaking out  
I will strike the ground

It don't matter  
Through every trial  
God can handle it  
I decided  
Before the battle  
My response is  
Strike the ground

It don't matter  
Through every trial  
God can handle it  
I decided  
Before the battle  
My response is  
Strike the ground

It don't matter  
Through every trial  
God can handle it  
I decided  
Before the battle  
My response is  
Strike the ground

Oh oh oh oh  
Oh oh oh oh  
Oh oh oh oh

If he's in it  
It's not finished  
Victory is breaking out  
There's no stopping now  
If he said it  
He will do it  
Victory is breaking out  
I will strike the ground

It don't matter  
Through every trial  
God can handle it  
I decided  
Before the battle  
My response is  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground  
Strike the ground...  
Strike the ground

Could one time is not enough  
Two times is not enough

Strike the ground

One time is not enough  
Two times is not enough

Strike the ground  
Strike the ground

It don't matter  
Through every trial  
God can handle it  
I decided  
Before the battle  
My response is  
Strike the ground
