

Track Record 2.0

Travis Greene

If you wanna see His track record
Look at me, we have history
If you wanna see His track record
Look at me, we have history
If you wanna see His track record
Look at me, we have history
If you wanna see His track record
Look at me, we have history

He put His name on me
He put His name on me
He put His name on me
He put His name on me, He put His name on me

I was a sinner, thought it was over
I put His name on it, He put His name on me
I was a label, no identity
I put His name on it, He put His name on me
I was a beggar, I was an orphan
I put His name on it, He put His name on me
I was a label, no identity
I put His name on it, He came and put His name on me

I won't be the same, He put His name on me
He put His name on me
He put His name on me
I won't be the same (I won't be the same)
I won't be the same, He put His name on me

I was a label, no identity
I put His name on it, He put His name on me
I was a label, no identity
I put His name on it, He put His name on me

I put His name on it (He put His name on me)
I put His name on it (He put His name on me)
I put His name on it (He put His name on me)
I put His name on it, He put His name on me

One time let it up, two times let it up
I won't be the same (He put His name on me)
One time let it up, two times let it up
I won't be the same (He put His name on me)
One time let it up, two times let it up
I won't be the same (He put His name on me)

Woah, oh-oh
Woah, oh-oh
Woah, oh-oh
He put His name on me
Woah, oh-oh
Woah, oh-oh
Woah, oh-oh
He put His name on me
