

# Yahweh

Travis Greene

(We know who you are)  
(We know who you are)

There's one God that I serve  
Maker of heaven and the earth  
Formed by the power of His word  
Oh, I will forever lift the name

There's one God that I serve  
Maker of heaven and the earth  
Formed by the power of His word  
Oh, I will forever lift the name

Yahweh  
The only one who's  
Holy, who's worthy  
Of our praise  
You deserve the honor, the glory  
So, we say  
There's no God greater  
No one greater than Yahweh

(We know who you are)  
There's one God that I know  
Who can raise the dead and save my soul  
You can do the impossible  
Oh, I will forever lift the name

Yahweh  
The only one who's  
Holy, who's worthy  
Of our praise  
You deserve the honor, the glory  
So, we say  
There's no God greater  
No one greater than Yahweh

No king or kingdom could match Your fame  
The greatest powers bow to Your name  
Angels in heaven declare Your praise  
And here on earth we shall do the same

No king or kingdom could match Your fame  
The greatest powers bow to Your name  
Angels in heaven declare Your praise  
And here on earth we shall do the same

Oh  
No one like our God  
No one like our God

Oh  
No one like our God  
No one like our God

Oh  
No one like our God

No one like our God

Oh

No one like our God

No one like our God

Yahweh

The only one who's

Holy, who's worthy

Of our praise

You deserve the honor, the glory

So, we say

There's no God greater

No one greater than Yahweh

Yahweh

The only one who's

Holy, who's worthy

Of our praise

You deserve the honor, the glory

So, we say

There's no God greater

No one greater than Yahweh

So, we say

There's no God greater

No one greater than Yahweh

Oh

No one like our God

No one like our God

Oh

No one like our God

No one like our God

Oh

No one like our God

No one like our God

Oh

No one like our God

No one like our God

Oh

No one like our God

No one like our God

Oh

No one like our God

No one like our God

Oh

No one like our God

No one like our God

Oh

No one like our God

No one like our God
