

# You Got Up

Travis Greene

Every man falls down  
Everyone needs grace  
Your love is enough now  
By Your name we're saved  
Looked beyond our wrong  
Saw just what we need  
We are alive now  
By Your name we're free

You got up so I could get up again  
Now I'm up again with You  
You got up so I could get up again  
You got up so I could get up again

I'm up with You You  
I'm up with You-oooh ooh-oooh

You got up so I could get up again  
Now I'm up again with You  
You got up so I could get up again  
Now I'm up again, up again, with You

You got up so I could get up again  
You got up so I could get up again

I will rise

I'm alive  
I'm alive in You
