

# Baddest

Travis Porter

She's the baddest girl I ever seen  
I had to scoop her, put her on my team  
It's been a couple months I made her move  
Now I'm the realest nigga that she knows  
I gotta head grind, uuh baby  
She know I got no bread right, already  
That's why we kick it so tight, ohh baby  
Take our place, let us show our things  
In return she give me all I need

She the baddest bitch that I ever did see  
But ever that least, she was looking for another nigga but that wasn't me  
But I never did speak so I spoke  
Hit her with the words that I do it  
Said she wanna give me some ass  
But a nigga really want that dough  
God bless me, get up on that ass like a jetsky  
I'm fast, I'm gone, bitch don't really wanna test me  
I'm bad to the bone, had it to the girl till it's over tail  
I don't wanna play it's show and tell  
Baby if you show that ass  
Baby girl I show the nail  
And baby girl I'm so for real  
You the baddest bitch I know for real  
Girl you know you almost can kill

She's the baddest girl I ever seen  
I had to scoop her, put her on my team  
It's been a couple months I made her move

In return she give me all I need

I like boujie women, ghetto women too  
She 35, and I'm almost 22  
Big house, swimming pool  
On the condo, what a great view  
Oh this your girl, I like her too  
I can mark the test, wish y'all success  
Brought 'em to the crib, made 'em cut the grass  
Got 'em in the bed, I leave him in the grass  
Pretty face, nice ass  
She everything I want, she got me spinning cash  
I flew her in, then flew her out  
Flew her back in, we be fucking round

She's the baddest girl I ever seen  
I had to scoop her, put her on my team  
It's been a couple months I made her move  
Now I'm the realest nigga that she knows  
I gotta head grind, uuh baby  
She know I got no bread right, already  
That's why we kick it so tight, ohh baby  
Take our place, let us show our things

In return she give me all I need

Let's go to Amsterdam I'm really living like a king

I drip you out in all designer things

She want the key to the crib and want to be my queen  
She's so thick take her 10 minutes to get into them jeans  
This shit crazy, asian persuasian, foreign vacations  
Your body is amazing, c'mon let me taste it  
If the head right, I give her er'thing tonight  
Let's cut the light slow, cut up some bear white

She's the baddest girl I ever seen
