Let the band play
This motherfuckin' cookie taste good
Uh, look

All my bitches ratchet, all my bitches nasty
Whips automatic, this fuckin' is a habit
When I hit the city, I'ma hit up Magic
Call my bottom bitches, tell 'em let's get at it, yeah
Couple stacks, I'ma fuck it up
Big head, I'ma pump it up
Two girls, need to double up
Two girls, need to double up
I'm with Chainz, he got a double cup
Hell nah, you can't fuck with us
It ain't Act if it don't bubble up
All my backwoods double stuffed
Still gettin' paper, still gettin' it major
Still not a hater, still gettin' free cable
Still stackin' dough, still got the O's
Still ridin' with the package, and you know I love the ratchets, yeah yeah

Yeah, if she wanna dance, go, she get a bag for it
Yeah, if she wanna dance, get it, she get a bag for it
Yeah, if she wanna dance, fuck it, she get a bag for it
Yeah, if she wanna dance too, then she get a bag too

She get a check, she get a check, she get a check too
Snatch up the Benz, snatch up a Bent, snatch up a bitch too
Ten minutes, ten bottles
We get litty, fuck on all the models
Tried to tell you we got rockstar status
Every time you see the kid I keep a bad bitch
In that new thing, holding up traffic
I'm on codeine, I don't want no acid
We got the juice, tell you the truth
Been gettin' a bag forever
Triple salute, workin' your move
Shakin' that ass together
(changin' the weather, yeah)
Rainman go away
That's just what the haters say
Fuck it, we gon' make 'em hate

Yeah, if she wanna dance, go, she get a bag for it
Yeah, if she wanna dance, get it, she get a bag for it
Yeah, if she wanna dance, fuck it, she get a bag for it
Yeah, if she wanna dance too, then she get a bag too
She get a bag, she get a bag, she get a bag too, ayy
She get a bag, she get a bag, she get a bag too, ayy
She get a bag, she get a bag, she get a bag too, ayy

Both of them bitches so bad, uh
Seen 'em in Magic and threw 'em a twenty
Man fuck it, just split it in half, uh
Jewelry and purses, whatever she wants
She bring me bitches, whatever I want
Starting out whenever I don't
Starting out whenever I don't, uh
