

Day Shift

Travis Porter

R:

Ballin in the day shift
Pull up in a spaceship
[x8]

I fuck your hoe for promotion
Nigga, look how I'm glowin
You ain't know I was rollin
Catch me slipping, you hoping
Drive around 285, but I know where I'm going
Pour a four of the potion
Now I'm leaning, I'm floating
I got them racks out the bank
Walking on Jimmy Choo
Put that ice on my neck
I got them bitch, she like ooh
I'm pulling up with my woes, so what the fuck be the move
I put my wrist in the bowl, I got a four from a two

R:

Ooh, mountain high
Pull up in some slingshots
Yeah, you know that [?]
Bouta pull the [?]
I like all my strippers thick, and I like all my wings hot
Tell your girl to go to work, the strip club kings out
I been in the strip clubs since I was in high school
When I'm in the strip club, act the motherfuckin fool
Tried to tell my teachers, but them bitches didn't believe me
Now them bitches mad, cause they see me on the TV

R:

Pull up in a spaceship
She love how the cake slip
I just made her back flip
My whip got a pink slip
Threw it on the top lip
I just left a great tip
I just paid a light bill
I just fucked a white girl
Bitch, this ain't no Chrysler
This more like a Jaguar
That's a paper tag there
Baby, this the new year
I don't do no promo
Walk through, that's a four oh
Chill with me, no photo
Had to let that hoe know
