

I Remember

Travis Porter

Devil always follow yo shadow, prayin to the Lord you make it t
hrough the battle
Snakes in the grass tryinna bite you in the asshole, tryinna be s
neaky but man I heard the rattle
Close the door lett'n the flies in the house, always keep it re
al never lie from ya mouth
Please don't sleep with them pies in ya house, cause them trap
boys come and leave ya tied to the couch.
I remember ridin round with pops seein not yo's, pulling round
decatuer in a all black tahoe.
Mama told me be a soldier, don't take what not yo's
Daddy tried to show me but he got locked up when I was 4, then
I turned back to hell, start cutt'n the fool at school.
When I turned 15 got locked up my first to, gwinnet county, dam
n I'm fucked up what I'm a do, mama like damn boy what I'm a do
with you.

I remember...

The days when I used to rock the skint fade, always stayed with
a pair of mj's(spiffy)
Dad always spoiled us, mama told him don't do it cause he can't
get everythang for us
To cool for elementary, evidentially, that's why they retained h
is ass
Asking questions like Rico why yo child so badd and why everyti
me he lie he change his story so fast(fast)
First sophmore year in high school, write my name on the wall l
ike it's my school
Dad gone so you know I turned straight to them street, got shot
one time frozed up for weeks.
Never went to church just to hear the preacher preach
Gotta change my life around cause you know that wasn't me, gott
a baby on the way now you know that could'nt be.
That's a black man life man you know that wouldn't be, QUEZ

I remember them times when my mama ain't have no money, she was
hustlin hard just to fill up my little tummy
I was just in middle school acting a little dummy, tryinna be co
ol doing no work, messing with hunnies(dem girls)
But ian no other wise 'til my mama beat me on my back side.
She'll say no tv and no outside, no talkin on the phone 'til yo
u calm down.
Now I'm thankin, I'm bout to give up, nawl I'm a go head and do
this work and get my grades up
Why blame it on my mama she who raised us, and deep inside I kn
ow she'll never betyray us(foreal)
So do what you got to do today in order to do what you wanna do

tomorrow
Tomorrow tomorrow tomorrow ahhhhh!
