

# Don't Play

Travis Scott

Drink slow to feed the nose, you know he likes to get blown  
Has he got enough money to spend?  
Leave? No! He's to and fro, he doesn't like it when the girls go  
Has he got enough money to spend?

Know a nigga need my commas (Straight up)  
She was down when I dropped out of college  
Down, she was down when I rode Impalas (Slay)  
Played with her pussy in the Jeep  
Yeah, she was down with the foreplay drivin' (Oh no)  
Jumped in the car when she hit my digits  
Don't want nothin', just to pull up at the projects (Skrtrt)  
Easy to me my nigga  
Villa with a scene, youngin' always seen with a killer (Straight up)  
Hand-stitched by my dealer  
Dealing with a seam you ain't seen, what you mean Margiela?  
She even got the 'scripts for the cough  
In the H gotta hit Johnny for the frost, swerved off  
Ain't it been a minute since they seen a weird nigga  
From the corner put it on for the south? (Straight up)  
On my mamma, know a nigga be coasting (Bless up)  
Go, nigga, go, nigga, grab my bottles  
Go, nigga, go, nigga, grab my chronic (That go)

Bitch don't you play me, don't you try me  
I need the exact amount  
Look at my face, ho, eye-to-eye me  
I'm a boss, make sure you and your homies dress up, tight attire  
When you see me, ho, or I'll take that white tee and tie-dye dye it  
I mean, goddamn, nigga!

You forgot where I came from? I'm from where you ain't from  
Where you can't come, where it ain't none  
Where these bitches is bitches and they ain't nuns  
Where they hate from  
But as soon as you blow they act like they been down since day one  
Where there's fuckin' tank guns  
But niggas never join the army, like it ain't one  
If I ain't got it then I'm huntin'  
I'm either countin' or I'm cummin'  
Swear I just done bought that mansion  
Treat that shit like it's a dungeon  
Up at 5 AM still workin', but I treat it like it's one  
I'm never actin' like I got it  
Bitch, I'm actin' like I won it on these niggas!

I ain't playin' with these niggas (Niggas) {Swerve, swerve, swerve, swerve}
