

# All I Want For Christmas Dear Is You

Travis Tritt

Here it is Christmas day and you're many miles away  
And I wonder if you feel the way I do  
In the air there's happiness, but in me, there's loneliness  
For all I want for Christmas dear, is you

Presents wrapped in green and gold, have no arms for me to hold  
No lips to whisper softly, I love you  
Oh, how happy I would be to find you underneath my tree  
For all I want for Christmas dear, is you

Presents wrapped in green and gold, have no arms for me to hold  
No lips to whisper softly, I love you  
Oh, how happy I would be to find you underneath my tree  
For all I want for Christmas dear, is you

Yes darling, all I want for Christmas dear, is you
