

## Broken Mirror

Travis

Each time you go away  
Part of you turns to grey  
The jingle of the chains  
Singled  
Rearrange

Broken mirror steal my reflection  
Tell me what you see  
A hundred shattered eyes in the looking glass  
Staring back at me

Inside  
Inside  
Inside tolls the bell  
Outside all is well

Broken mirror steal my reflection  
Tell me what you see  
A hundred shattered eyes in the looking glass  
Staring back at me

I never want to be alone  
I never ever want to go home  
This I know for sure
