

# Butterflies

Travis

Chasing butterflies by the water  
Watching aeroplanes because you gotta

Inside  
Inside everything is wrong  
Outside  
Ooh outside

You keep your eyes on the prize and your head in your hands, oh  
oh  
You can't see the wood for the trees even when all the leaves are gone  
'Cause you're still chasing butterflies  
Watching all the years roll by

You've had all your life to dream about it  
But you never did a thing about it

Just waste time  
Waste time everything is wrong  
But you're fine  
Ooh you're fine

You keep your eyes on the prize and your head in your hands, oh  
oh  
You can't see the wood for the trees even when all the leaves are gone  
'Cause you're still chasing butterflies  
Watching all the years roll by

But we soldier, soldier on  
Yeah, we soldier, soldier on

Inside  
Inside everything is wrong  
But you're fine  
Ooh you're fine

You keep your eyes on the prize and your head in your hands, oh  
oh  
You can't see the wood for the trees even when all the leaves are gone  
'Cause you're still chasing butterflies  
Watching all the years roll by  
Waiting for your ship to arrive  
You're still chasing butterflies
