Closer

Travis

C Emi Ami F
C Emi
I've had enough, of this parade.
Ami F
I'm thinking of, the words to say.
C Emi
We open up, unfinished parts,
Ami F
Broken up, its so mellow.

G Ami
And when I see you then I know it will be next to me
G Ami
And when I need you then I know you will be there with me
C
I'll never leave you...

C Emi7 Emi
Just need to get closer, closer,
Ami
Lean on me now,
F
Lean on me now,
C Emi7 Emi
Closer, closer,
Ami
Lean on me now,
F
Lean on me now,

Keep waking up (waking up), without you here (without you here).
Another day (another day), another year (another year).
I seek the truth (seek the truth), we set apart (we set apart)
Thinking of a second chance (a second chance).

And when I see you then I know it will be next to me
And when I need you then I know you will be there with me
Ill never leave you...

Just need to get closer, closer,
Lean on me now,
Lean on me now,
closer, closer,
Lean on me now,
Lean on me now (lean on me now).

And when I see you then I know it will be next to me
And when I need you then I know you will be there with me
Ill never leave you...

Just need to be closer, closer,
Lean on me now,
Lean on me now,
closer, closer,
Lean on me now,
Lean on me now (lean on me now).

closer, closer... closer, closer.
