

## Dear Diary

Travis

dear diary  
what is wrong with me  
cos i'm fine between the lines  
be not afraid  
help is on its way  
a sentence suspended in air way over there  
dear diary  
what else could it be  
as nightshade descends like a veil under the sail of my heart  
be still don't stop until the end  
dear diary  
what is wong with me  
cos i'm fine between the lines
