Travis

Home
On our own
You're such a little dreamer
And I love you so
Nowhere to go
Don't think of going solo
It's not a one man show

Oh leave it up to me
This time it's gonna be
So clear that we can see
Forever you will be
You lead me home
Woh-oh home

Stoned
On the phone
Don't beat yourself up too bad
Until you're fully grown

Oh leave it up to me
This time it's gonna be
So clear that we can see
Forever you and me
You lead me home
Oh-oh home
You're such a little dreamer
And I love you so
And I love you so
