

# Kissing in the Wind

Travis

You're only happy when you're dreaming  
Dreaming... dreaming 'bout nothing much  
The windowsill is still you're breathing  
Breathing... and when there's no-one around

You feel like dying  
You leave your feet on the ground  
And your head is flying, oh-oh

So take me down when you wanna go down  
Any avenue  
Be my love at the back of your car  
Pulling down the roof  
Be the change in my holey pocket  
Falling down the drain  
Wake me up when you wanna get off  
Kissing in the wind

You used to walk around for hours  
Talking... talking 'bout nothing much  
All of the screaming and the shouting  
Out in... out in the back of beyond

The walls of houses  
You wouldn't leave it alone  
The only doubt is, oh-oh

So take me down when you wanna go down  
Any avenue  
Be my love at the back of your car  
Pulling down the roof  
Be the change in my holey pocket  
Falling down the drain  
Wake me up when you wanna get off  
Kissing in the wind

Ahhh, a-ahh, oh-oh  
Ahhh, a-ahh, oh-oh

So take me down when you wanna go down  
Any avenue  
Be my love at the back of your car  
Pulling down the roof  
Be the change in my holey pocket  
Falling down the drain  
Wake me up when you wanna get off  
Kissing in the wind

Ah-ah... kissing in the wind, yeah, ah  
Ah-ah... kissing in the wind, yeah

You're only happy when you're dreaming  
Dreaming... dreaming 'bout nothing much
