

# More Than Us

Travis

**C**

More than us, We are them

**F**

**C**

They don't know, What's in their hands

**C**

**G**

It's more than you and it's more than I

**F**

But it's more,

**Fmi**

**E**

Everybody calls it love, but I'm not really sure

**Ami**

**D**

if it's love, at all

**Dmi**

Not any more.

**C**

More than he, More than she

**F**

**C**

They all sleep, but we just dream

**C**

**G**

More or less, means more for us

**F**

but it's more,

**Fmi**

**E**

**Ami**

everybody wants a hand, but I'm too busy holding up the world

**D**

**Dmi**

To carry on, No not any more

**F**

**Fmi**

**C**

I wish that I could fly fly fly away

**F**

**Fmi**

and if I should fall and you hear me call

**G**

would you stay

**C**

More than us and we are them

**F**

**C**

They don't know what's in their head

**C**

**G**

It's more than you and it's more than I

**F**

but it's more

**Fmi**

**E**

everybody calls it love, I'm not really sure

**Ami**

**D**

if this is love at all

**Dmi**

not anymore,

anymore,

anymore
