Slide Show

Today is the day For dancing and for singing The birds in the trees and all The bells are ringing The sun is in the sky Is bright as bright second light Is bright oh god I hope I'm alright

Cause I'm gonna cry Hold on, hold on Slow down, slow down You're out of touch Out of touch 'Cause there is no design for life There's no devil's haircut in my mind There is not a wonderwall to climb To climb or step around But there is a slide show and it's so slow Flashing through my mind

Today was the day But only for the first time Hold on, hold on Slow down, slow down You're out of touch Out of touch

'Cause there is no design for life There is no devil's haircut in your mind There is not a wonderwall To climb or step around But there is a slidesshow and it's so slow Flashing through my mind

Today was the day But only for the first time I hope it's not the last time Travis
