

## Swing

Travis

Baby, you've been going so crazy  
Lately, nothing seems to be going fine  
Solo, why do you have to get so low

But if you sing, swing, swing, swing, swing, swing  
For the love you bring won't mean a thing  
Unless you swing, swing, swing, swing

Shoulder

But if you sing, swing, swing, swing, swing, swing  
For the love you bring won't mean a thing  
Unless you swing, swing, swing, swing

But if you sing, swing, swing, swing, swing, swing  
All the love you bring won't mean a thing  
Unless you swing, swing, swing, swing

Baby, there's something going on today  
I say nothing

If you sing, sing, sing, swing, swing, swing  
All the love you bring won't mean a thing  
Unless you sing, swing, swing, swing

Oh, baby, sing, sing, swing, swing, swing, swing  
All the love you bring a thing

Sing, sing, swing, swing, swing, swing  
All the love you bring won't mean a thing  
Unless you swing, swing, swing
