

Valentine

Travis

If I lie here
I might die here
I may lay here for a while

Play it gently
Arrogantly
Play it once and for all time
Like you did when you were mine
Funny how the time flies by

I won't leave you
I might leave ya
I won't leave you for a while

You can't

You can't treat me
Like a crutch
Like a Judas for our church
Wipe the memory from the track
Put your teeth back in your mouth

If I lie here
I might die here
I may lay here for a while
