

# What Will Come

Travis

All the things you haven't seen  
everything that last between  
pages you've yet to turn  
Lessons you've never learn

All the things you should have say  
Will forever be in your hear  
Just waiting for a reason  
waiting for a real thing

But I got time and you've got time  
remember when stars and I  
and everything we did we did together

But I don't mind if you don't mind  
and even if it all falls dawn  
it's just another chance to make it better

I'm ready  
I'm waiting  
I'm waiting for what will come

'Cause it's you I like  
so don't be shy  
Just walk and up  
before you die  
but here we go again  
you say you're not my friend  
and I'll be standing  
we'll forget the thing we had  
we'll blame it on the season  
never on the reason

But I got time and you've got time  
remember when stars and I  
and everything we did we did together

But I don't mind if you don't mind  
and even if it all falls dawn  
it's just another chance to make it better

You know our love is gonna lost  
so listen to your heart  
when everyone around  
is like we're standing in the dark  
you know our love is gonna change  
as soon as you check out  
stopping you're rage  
before the father pledge you stay

I'm ready  
I'm waiting  
I'm waiting for what will come

I'm ready  
I'm waiting  
I'm waiting for what will come

What will come
