TREASURE

You're like a mirage that is almost within my grasp
Ooh-ooh-ooh-ooh-ooh
I'm going crazy everyday thinking about you
I'm addicted to your love

I'm on fire
I can't stop this burning heart
Deep into it
I want to slowly fall into you
This is addiction
I just can't get enough
I'm divin' and all in to you
I can't get out of this attraction

You're the one that I've been waiting for
The more I look at you, the more beautiful you are
You're the sun, so I can't hide you

Even if I lost my sight, go straight to you

Go straight to you
Hoo-ooh-ooh-ooh-ooh
Straight (Hoo)
Go straight to you
Hoo-ooh-ooh-ooh-ooh
Straight
Pedal to the metal, hoo

Yo
Go straight to you, I'm crazy in love
Everyone else, get out of my way
My other half showed up in the east
I fall in to the dazzling smile (Yeah)
I'm different from those who get lost easily, ah
A step that won't go wrong, ah
The answer is already decided on you
I have no choice, wassup!
Just go straight, no rules, no guides (Oh, God)
Add fuel to my emotions
Double for my heart engine, go, vroom

I'm on fire
I can't stop this burning heart
Deep into it
I want to slowly fall into you
This is addiction
I just can't get enough
I'm divin' and all in to you
I can't get out of this attraction

You're the one that I've been waiting for
The more I look at you, the more beautiful you are
You're the sun, so I can't hide you
