

Now Forever

TREASURE

I love this gravity

Don't know where we're going but I don't even care
Talking like we got a million hours for wasting
I'm losing my sense of time, you look at me like that
I'm floating away-ay-ay-ay-ay
You make it easy, baby
The smile won't leave my face
No nothing compares to us and gravity's envious
'Cause we're up in spa-a-a-a-ace

If I had a time machine
I'd hit the pause button
We really got something
You and me we mean something
It's butterflies, all the time
And I'm ready, set, go
Oh

Can we stay in right now forever?
'Cause I only wanna be together
Up in the stars, that's where we are tonight
(Forever, right now, forever, ever)
Can we keep it right here this moment?
Let this feeling be never over
Up in the sky, just you and I tonight
(Forever, right now, forever, ever)

No one gets it like you do, mm
Girl, you're such a pretty view
I'm lost in the colours, perfection uncovered
Don't take it away-ay-ay-ay-ay

If I had a time machine
I'd hit the pause button
We really got something
You and me, we mean something
It's butterflies, all the time
And I'm ready, set, go
Oh

Can we stay in right now forever?
'Cause I only wanna be together
Up in the stars, that's where we are tonight
(Forever, right now, forever, ever)
Can we keep it right here this moment?
Let this feeling be never over
Up in the sky, just you and I tonight
(Forever, right now, forever, ever)

My love is gravity
Oh-woah-oh-woah-oh-woah
Oh-woah-oh-woah-oh
(Forever, right now, forever, ever)
Oh-woah-oh-woah-oh-woah
Oh-woah-oh-woah-oh
(Forever, right now, forever, ever)
