Let's go!

Let's take off, anywhere, anywhere we go
Sleepless nights, filled with thrills
Under the moonlight, I dream of tomorrow
Today is today, no worries for tomorrow

Tonight beneath a different sky
When you and I share a kiss
So come on now and tell everybody
Come on now and let's rock this party
Over and over again
Over and over again

Stars that fill the sky above
Winds that dance along with us
Where dreams and reality meet
This is paradise
Met a miracle like you
My life feels like heaven
Tonight you are so beautiful
You are paradise

Everyday
(Ooh, woah-oh, ooh-woah, oh)
I love you
(Ooh, woah-oh) My paradise

I'll step up with shining moves
Hope my heart reaches only you
I'm sure you're my fiancée
Even gods envy me and say so
Drunk tonight
Please don't hold me back
Let's break free from reality
Feeling so light, fly high
The moon so high above
Is my spotlight
Take my hand, baby girl
Up to neverland, here we go
Leave your worries all behind
Trust me and follow

Tonight beneath a different sky
When you and I share a kiss
So come on now and tell everybody
Come on now and let's rock this party
Over and over again
Over and over again

Stars that fill the sky above
Winds that dance along with us
Where dreams and reality meet
This is paradise
Met a miracle like you
My life feels like heaven
Tonight you are so beautiful
You are paradise
