

# Better the Devil You Know

Treat

I feel the flow everytime I face the foe  
My wicked little secret, no regret  
Forgive and forget  
I shoot straight cross the line between love and hate  
Well I'm no me perfect, I raise hell  
With all due respect

It will take a miracle  
to make my heart unbreakable  
People say it's  
Better the devil, better the devil you know  
And when life's a battleground  
and I can't keep my demons down  
I say  
Better the devil, better the devil you know

It's a dog day. I'm not a star on the runway  
and I sure know how the nights haunt  
More so than the angels I don't

It will take a miracle  
to make my heart unbreakable  
People say it's  
Better the devil, better the devil you know  
And when life's a battleground  
and I can't keep my demons down  
I say  
Better the devil, better the devil you know

It will take a miracle  
to make my heart unbreakable  
People say it's  
Better the devil, better the devil you know  
And when life's a battleground  
and I can't keep my demons down  
I say  
Better the devil, better the devil you know

Better the devil you know  
Better the devil you know  
Better the devil you know  
Better the devil...
