I'm Not Runnin'

Treat

When you were, somewhere I was loving being nowhere My inside,
out side Kept on looking for a new high

But now that storm has gone You know its never coming back You
know me

But it feels like Everybody wants you Out of my life And it fee
ls like Nobody knows the truth Only me and you Im not running

Back then, I would Try to get with everyone that I could You ch
ained me, Im caught Gave me everything that youve got

The situation changed Im just a player in your game You know th
is

But it feels like Everybody wants you Out of my life And it fee
ls like Nobody knows the truth Only me and you Im not running

I dont want us to breakdown But all the people are so loud Im j
ust hoping were strong enough to take it (Solo) Im not running
Out of my life And it feels like nobody know the truth Only me
and you

Cuz it feels like Everybody wants you Out of my life And it fee
ls like Nobody knows the truth Only me and you Im not running I
m not running
