

Inferno

Treat

You're burning me up, but I'm loving the heat
You give me a ride and it's taking me places
that I never been
It's getting hotter than hell, but the devil in me
can wait to give in to the madness inside this
divine comedy - yeah!

Can't live without; can't leave it be -oh, oh

My heads an inferno cuz you spin me around
I don't know if we are going up or down
Inferno, you are the flame that feeds the fire

Girl you light up the night and block out the sun
Yeah, I can't believe that a feeling so raw
can leave me well done - yeah!

Can't live without, can't leave it be -oh, oh

My heads an inferno...
I know I can't deny her...

Inferno, there's no way to let go
This feeling never gets old
You're the storm that paints the sky

My heads an inferno...

Inferno, inferno, inferno -oh, oh, oh
Inferno, inferno, inferno -yeah, yeah, yeah
Inferno...
