

I love you perfectly
I hung my Love upon a tree
If freedom is for free
What will it take to make you see?

Perfectly made
Imperfect in every way
You have been saved:

I don't care what you've done
Inside you I see My Son
There's no more that you could do
I've done everything for you

I don't remember him
But you remind me of his sin
When you let Me in - he went out
You're a new creation
Trying so hard to be
Perfectly just like Me
I am I AM!
