# Black Ocean

**Trees Of Eternity**

```
Will we make it through this night?
Overshadowed
By our minds

Do we
Further entwine?
Through the

Ocean
Of deep and endless night
Ocean
Calling from inside
Calling from inside

No tomorrow
No where to hide
Ocean of sorrow
Just taken by the tide

To be
Further aligned
To the

Ocean
Of deep and endless night
Ocean
Calling from inside
Calling from inside

Ocean
Of deep and endless night
Ocean
Calling from inside
Calling from inside
Calling from inside
```
