

A Statue To Wilde

Trembling Blue Stars

Anything left to
Left to achieve
Anything more?
I'd like to see
A statue to Wilde
A statue to Wilde
To say 'look how far we've come'
Look how far we've come'
In my lifetime I've seen things improve
The day will come when it won't
Matter anymore
Who you've feelings for?
Adelaide Street
Adelaide Street
The edge of Theatreland
You never got to see
A statue to Wilde
A statue to Wilde
The race is still not run
There's so much further to go
A monument to his memory
And the error of our ways
A sign of hope
A sign of change
