

Dear Jane

Trent Dabbs

Dear Jane,
This is the last song I will write to you
This is the last time I will try to prove
That you belong to me
Last night
I drove by your house
But it was not the same
'Cause all the streets they all had different names
You are all I see
So tell me if you're lost...
And I will take you home
Take you home
Wherever you are
I will take you home
Take you home
With me
Dear Jane,
If I called you, would you pick it up?
Could I do anything that'd be enough
I'm running out of road
Twilight
I'm in another room without a view
Another TV I just stare into
Just waiting 'round to go
Just tell me if you're lost...
And I will take you home
Take you home
Wherever you are
I will take you home
Take you home
With me
Just tell me if you're lost
Just tell me if you're lost
Please, tell me, if you're lost this time
And I will take you home
Will take you home
Wherever you are
I will take you home
Take you home
With me...
