

Wrap My Mind Around You

Trent Dabbs

Gorgeous one, waving with your sunday smile,
You've got the curtains drawn,
I came to see the color of a mind,
Unravel me, unravel me.

I can't wrap my mind around you,
I can't wrap my mind around you.

Directionless, how'd i get into this,
I hear the nighttime talk,
You're my ever after thought,
I want to sleep i just want to sleep.

I can't wrap my mind around you,
I can't wrap my mind around you,
It's weighing me down it's wearing me out,
Cause I can't wrap my mind around you..
