

# Drive

Trevor Daniel

Pedal to the floor now  
Plenty room for you and I  
Don't think we ever gonna slow down  
And I don't know what we're looking for but I hope we find it

Drive, drive  
Baby we gotta go now, are you down to ride?  
Drive, drive  
Going with or without you, not gonna waste my time

Drive, drive  
Baby we gotta go now, are you down to ride?  
Drive, drive  
Going with or without you, not gonna waste my time

Just leave my baby by my side  
No, no turning back  
Tell me if you down to ride

Drive, drive  
Baby we gotta go now, are you down to ride?  
Drive, drive  
Going with or without you, not gonna waste my time

Drive, drive  
Baby we gotta go now, are you down to ride?  
Drive, drive  
Going with or without you, not gonna waste my time
