

## Face It

Trevor Daniel

Faded, Losing myself in midnight  
Swimming pool full of - full of bout' to dive  
When you touched my hand  
I lost sight of time  
Soaring over fences  
That I built so high

Loss of words from my nerves  
When I'm next to you  
Gotta move first  
Gotta play it cool  
Loss of words from my nerves  
When I'm next to you  
Gotta move first  
Gotta play it cool

Damn I've got to face it - face it  
I wanna be close to you - ooo  
I should make the first move  
Cause Time's slow when I'm next to you - ooo  
Time's slow when I'm next to you - ooo  
Time's slow when I'm next to you - ooo  
Time's slow when I'm next to you - ooo  
And I wanna be close to you - ooo

Loss of words from my nerves  
When I'm next to you  
Gotta move first  
Gotta play it cool  
Loss of words from my nerves  
When I'm next to you  
Gotta move first  
Gotta play it cool

Damn I've got to face it - face it  
I wanna be close to you - ooo  
I should make the first move  
Cause Time's slow when I'm next to you - ooo  
Time's slow when I'm next to you - ooo  
Time's slow when I'm next to you - ooo  
Time's slow when I'm next to you - ooo  
And I wanna be close to you - ooo
