

# No Love

Trevor Daniel

It was on the first night  
You took me to paradise  
Baby  
Now you're in and out my life  
I don't know how to survive  
It's crazy

My heart beats  
Deep inside  
It's like you're knocking  
On my door  
And then you hurt  
Me right  
You cut me down  
And then you turned around and

Break my heart  
Then cry to me  
Just to love me on the low  
So silently  
Tell me I'm the one  
Then lie to me  
Said you want me back  
See how I react  
And that's the price we pay

To no love, no love, no love  
No love, no love, no love

They calling my phone  
But I don't wanna know where you've been  
You say you're all alone but  
I guess he's just another friend

I don't wanna know  
I don't wanna know  
Where you've been  
I just wanna know  
How'd we get so cold in the end?

My heart beats  
Deep inside  
It's like you're knocking  
On my door  
And then you hurt  
Me right  
You cut me down  
And then you turned around and

Break my heart  
Then cry to me  
Just to love me on the low  
So silently  
Tell me I'm the one  
Then lie to me  
Said you want me back  
See how I react

And that's the price we pay

To no love, no love, no love  
No love, no love, no love  
To no love, no love, no love  
No love, no love, no love

Break my heart  
Then cry to me  
Just to love me on the low  
So silently  
Tell me I'm the one  
Then lie to me  
Said you want me back  
See how I react  
And that's the price we pay  
To no love
