

# Things We Do For Love

Trevor Daniel

Fell for the euphoria  
Blinded by the light, until I saw the earth and said  
What's it really like?  
And now I'm fallin' even more in love  
Baby, your voice, I got addicted overnight  
Had to pay the price

You put my life on us  
And left my heart for dead  
I'd do it all again, for the both of us

All the things we do for love (Uh-uh, uh, uh, uh)  
Oh, all the things we for love (Uh-uh, uh, uh, uh)  
I let you in my head  
Sometimes it don't make sense  
All the things we do for love (Uh-uh, uh, uh, uh)  
Oh, all the things we for

I remember drivin' down the PCH  
White Mercedes, always on the scenic view, me and you  
Baby Bash and Fergie, always on replay  
I miss all the stupid shit that we would do, me and you  
We got too comfortable, way too dysfunctional  
We had to go on our separate ways  
I gave you everything, short of a wedding ring  
There's not a thing I would change

You put my life on us  
And left my heart for dead  
I'd do it all again, for the both of us

All the things we do for love (Uh-uh, uh, uh, uh)  
Oh, all the things we for love (Uh-uh, uh, uh, uh)  
I let you in my head  
Sometimes it don't make sense  
All the things we do for love (Uh-uh, uh, uh, uh)  
Oh, all the things we for (Uh-uh, uh, uh, uh)  
(Uh-uh, uh, uh, uh)
