Wild

```
Ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh

Call me up
Sweetie, I've been thinking 'bout you
But that's not enough
I've been dreaming 'bout you, oh
But you drive me wild, wild, wild
But you drive me crazy, oh
But you drive me wild, wild, wild
But you drive me crazy, yeah

Baby, I might let you get
Comfortable in my comfort zone
I don't open up too much
But you're the one, the one
Baby, we can put the past behind us
And we could dance like diamonds
Let 'em say what they want about us
We can leave, they'll never find us, no, oh
Three in the morning up
Call me if you want it love
Got it if you need it
Hit me when you want me
I've been looking for a while
And now you getting closer
Tryna keep my head down
But it's been in the clouds, baby, oh

I need you to call me up
Sweetie, I've been thinking 'bout you
But that's not enough
I've been dreaming 'bout you, oh
But you drive me wild, wild, wild
But you drive me crazy, oh
But you drive me wild, wild, wild
But you drive me crazy, yeah

Call me up
Sweetie, I've been thinking 'bout you
But that's not enough
I've been dreaming 'bout you, oh
But you drive me wild, wild, wild
But you drive me crazy, oh
But you drive me wild, wild, wild
But you drive me crazy, yeah
